CHINESE TO BE TRAINED AS DOCTORS AND NURSES

Dr. Flexner Makes Appeal for
Financial Aid to Wealthy
Chinese in Capital

(The three physicians mentioned in the following Associated Press advices from Peking were in Honolulu last summer, arriving here late in July and leaving for the Orient on August 12. While here, Dr. Simon Flexner outlined for the Star-Bulletin the work which is now being so successfully carried out in China, in spite of unsettled conditions and a threatened revolution.)

(By Associated Press.)
PEKING.—Dr. Wallace Butterlick, director of the China Medical Board, Dr. Simon Flexner, director of laboratories for the Rockefeller Institute of Medical Research of New York, and Dr. William H. Welch, professor of pathology at Johns Hopkins university medical school of Baltimore, were the honored guests today at the dedication of the new Slesper-Davis memorial hospital in this city.

This new hospital is a five-story structure erected by the Methodist Episcopal church of the United States at a cost of \$18,000. It has accommodations for 150 patients, is heated by steam, lighted by electricity, equipped throughout with modern sanitary plumbing and provided with diet kitchen capable of preparing both Chinese and foreign food for patients.

All patients entering the hospital will be treated by American doctors, who have Chinese assistants. The principal of the hospital is also an American, but the hospital is the property of 30 Chinese nurses. The hospital is equipped with modern operating rooms designed to accommodate students and its management plans extensions which will make the institution more useful as a training place for Chinese doctors and nurses.

OAHU TEACHERS NAME OFFICERS AT CONVENTION

Isaac M. Cox Elected President
for Coming Year; More Than
300 in Attendance

Interesting papers, practical demonstrations and lively discussions were features of the annual meeting of the Oahu Teachers' Association held in the territorial normal school today, which was attended by more than 300 teachers from various parts of this island.

The new teachers' pension law, which went into effect only recently, was discussed at length after its details had been explained by Henry W. Kinney, superintendent of public instruction. Mr. Kinney explained that already 250 teachers in the territory have signified their intention of applying for pensions. The superintendent was assailed with a volley of questions regarding the law and, from the trend of the discussion, the majority of the teachers at the meeting were in favor of the measure.

Another interesting talk was that given by Miss Stearns of the Library of Hawaii, who told of the relation of the library to the public schools. Miss Stearns, who is in charge of the extension work at the library, recently arrived here from the east, where she had several years of experience

BELGIANS INTENSELY GRATEFUL FOR RELIEF GIVEN BY AMERICANS

[Associated Press by Federal Wireless]
New York, N. Y., Nov. 11.—Herbert Hoover, chairman of the American relief work in Belgium, has arrived here. He says that even though America has contributed generously to Belgium relief, the amount given in the United States per capita, 7 cents, is less than that of Australia, Canada or Holland, and that New Zealand gave \$1.23 per capita. He declared that Belgium gratitude is so intense for what the Americans have done that they have renamed squares and streets "United States" or "Wilson."

THREE OF CITY'S RESERVOIRS FULL SINCE BIG RAINS

No. 4, Up Nuuanu Valley, Has
Gained 40,000 Gallons of
Water in Last 48 Hours

PAUOA STREAM SWELLS TO WIDTH OF 50 FEET

City Road Gangs Work Like
Beavers to Get Highways
Back into Condition

As a result of the heavy rains during the last few days reservoir No. 4, which is the largest reservoir in Nuuanu valley, now contains more than 96,000,000 gallons of water, according to Harry E. Murray, general manager of the water system. All three of the reservoirs below No. 4 are full and reservoir No. 2 is running over. The water is slightly muddy, but will settle and clear in a short time, so the water department manager thinks.

Rising from a 23-foot head to a 37-foot head from the heavy rain which fell on Wednesday afternoon and night, the water in No. 4 reservoir was increased by 40,000,000 gallons.

No great damage has been done to sewer or water pipes, according to Mr. Murray.

Damages to city streets and other property as a result of the heavy rains of last night and Wednesday, will amount to between \$2000 and \$4000 according to City and County Engineer Whitcomb today.

All of the men available for street repair work are now out in gangs along the portions where the water wrought havoc, and are bending every effort to put them in shape. On Nuuanu street the asphalt pavement which was torn up and folded over like so much rubber sheeting, has been placed back in position, a heavy roller being used to iron it out.

Heavy rains in the Puunui section of town again yesterday evening sent great streams of water rushing down Puunui avenue and Willie street, sweeping out lengthy areas of the asphalt macadam and tearing up the earth in great holes.

According to the engineer one or two more floods similar to those which have already swept down here will wash out the entire streets. A large amount of damage has already been done, he says.

Ditch in Parker Lane.
Reports of damage done by the water at Parker lane came into the engineer's office this morning, stating that the water had swept through the lane and left a great ditch along the side. Second avenue was deep in water from Waiwae road, and another side street near the fire station at Kaimuki is said to be torn out and in bad condition.

Pauoa stream yesterday was a swirling expanse of muddy water 50 feet wide and eight feet in depth. At the lower end, where it crosses Kukui street, the opening in the bridge was too small for the great volume produced by the storm, and the water rose, crossing over the street. The damage here was not extensive, however.

On Prospect street the stone wall which lies in ruins is not owned by the city, but is the property of a Chinese resident of the district. The wall was 100 feet long and 15 feet high, and looks now like the results of a European bombardment.

BISHOP HUGHES TO PRESIDE AT BIG CONFERENCE

Date for Meeting of Methodist
Episcopal Mission Not Yet
Definitely Fixed

Bishop Edwin H. Hughes of San Francisco will preside at the annual conference of the Methodist Episcopal Mission of Hawaii, according to a cablegram received this morning from the coast by Rev. William H. Fry. The date for the conference has not yet been fixed, but an early announcement of the time selected is expected soon.

Bishop Hughes is no stranger to Honolulu, having visited these islands seven years ago, at which time he officiated at the dedication of the First Methodist Episcopal church. He was also here last year, when he was selected to preside at the 1914 Mission conference.

CALL ITALIANS IN HAWAII FOR LOCAL REPORT

Acting Consul for Italy Issues
Notice as Result of His
Country's Need

Italian subjects of military age residing in the territory of Hawaii are required to report themselves at the office of E. L. S. Gordon, British consul and acting consul for Italy, according to notice issued today by Mr. Gordon. The notice, addressed to Italian subjects, says:

"The Italian ministry of war having called to arms further classes, all Italian subjects of military age residing in the territory of Hawaii, though exempt from answering the call, are required to report themselves at this consulate."

Another notice also issued by the consulate, directed to "Persons traveling to Italy," says:

"The passport regulations of the Italian government require foreigners proceeding to Italy must have their passports viced by an Italian consular officer."

ARMY AND NAVY SURGEONS WILL FORM SOCIETY

Meeting Held Yesterday After-
noon, and Committee Named
to Draft Constitution

Answering a call to meet and form an association composed of army, navy and militia surgeons, and public health officers, a number of physicians met yesterday afternoon in the office of Col. Rudolph G. Ebert at Hawaiian Headquarters in the Young hotel and took preliminary steps to perfect the association. A committee of six, at the head of which is Lieut.-col. F. R. Keeler, Medical Corps, U. S. A., Schofield Barracks, was appointed to draw up a tentative set of bylaws and a constitution and report to a general meeting which will be called later.

Letters will be sent out to all those who are eligible to join the association as soon as the committee has its plans perfected, naming a date for a general meeting at which they will vote on the name, purposes and meeting dates of the organization and consider the report of the committee.

Take Up Service Problems.
The purpose of the association, which Col. Ebert first proposed, is to be of mutual aid in studying problems in relation to army work, public health work and naval work in the medical department and to keep better posted on the medical discoveries which are now being made so rapidly. It is also the purpose of the association to act in a social way, especially in entertaining distinguished medical visitors who come to Honolulu.

Col. Ebert said at the meeting that

PROPERTIES OF FETE ARE MOVED OVER TO ARMORY

Pageant Will Be Begun Promptly
at 2:30 Tomorrow; Busy
With Decorations

The women of the Outdoor Circle worked like troopers today moving the properties for their fete from the residence of Mr. and Mrs. C. H. Atherton at Alapai and King streets to the National Guard armory in Hotel street. At a brief meeting in the armory this morning the women announced that, with the exception of the live animals, no features of the fete will be omitted.

Experts will transform the interior of the big armory into a veritable bower of loveliness. Plants, flowers, palms, flags and bunting will be used in profusion and, best of all, blustery weather will not interfere with the success of the affair.

The children's pageant will be produced as originally planned. Hundreds of laughing, happy youngsters in dainty costumes will make merry on the wide floor. But the "zoo" will have to be deleted. Live animals are not allowed in the armory. But it was announced today that probably some other feature will be worked up to take the place of the "zoo," and one which may prove just as interesting.

Pageant Starts at 2:30.
The fete will begin at 2 o'clock tomorrow afternoon, and the children's pageant will start promptly at 2:30

(Continued on Page 3)

Balkans Now Center Of War's Hottest Fighting

Serbia is being slowly crushed between the jaws of the Teuton-Bulgarian war-machine. The map above shows how the three simultaneous invasions were begun. The black territory on the north is that taken by the Teutons at the beginning of their campaign. On the east and south Bulgaria launched her forces and then the jaws began to close. Meanwhile the Allies were coming up from Salonika (Serbia) and the arrow in the lower right-hand corner shows where the French and Bulgarians are now fighting. Other arrows show other cities and towns which figure in the war news.

BRINGS IN CASH AS CONTRIBUTION TO CAVELL FUND

Soldier From One of Oahu's
Forts Wants to Aid Project
of Monument for Nurse

"Say, where can I get rid of some money for the fund being raised to erect a monument in London for that nurse?"

The query came from a stalwart man in olive drab, who loomed large in the door of the Star-Bulletin editorial room at the noon hour today.

On being told that no memorial fund had as yet been started in Honolulu for the monument to be erected to Edith Cavell, the English nurse whose execution in Belgium by the Germans has aroused the whole world, the soldier requested the Star-Bulletin to take charge of his contribution and forward it to the proper authorities in England.

"Name? Oh, I'd rather not give my name," he said. "You see, I'm in the United States army, and we're neutral, but even if we are I've simply got to help along that cause. I haven't much money, but I'll give this much."

Two silver dollars rang as they were pitched on to one of the desks in the editorial room. The contributor turned to go, but paused to call over his shoulder:

"Much obliged. Just put it down as from 'Uncle Sam.' Maybe somebody else will add to it before you send the money to England."

The Star-Bulletin is, therefore, glad to announce the opening of the Edith Cavell monument fund.

Contributions.

TIGERS FAVORED TO WALLOP YALE

[Associated Press by Federal Wireless]
NEW YORK, N. Y., Nov. 12.—Princeton is a three-to-one favorite over Yale for their annual football game tomorrow, but the Yale men are stanchly backing their team at the odds offered.

SUGAR

SAN FRANCISCO, Nov. 11.—Sugar: 96 deg. test, 5.02 cents.—Previous quotation, 4.86 cents.

SERBS PURSUED BY TEUTONS IN RASINA VALLEY

The following cablegram from official German sources was received this morning:

"German Headquarters Report, November 12.—The pursuit of the Serbians by the forces in Serbia continues. The first mountain ridge south of Kraljevo has been crossed and the troops have advanced in the Rasina valley, southwest of Korsevath, reaching Laupel and to the eastward, Ribare, Ribarska and Banya. Yesterday more than 1700 prisoners were taken as well as 11 cannon."

CHINA AGREEING MONARCHY WILL NOT BE HURRIED

PEKING, China, Nov. 12.—Italy has joined the other Allies which are requesting the Chinese government to postpone the proposed change in form to a monarchy, on the ground that it will cause international friction if effected now. The Chinese foreign minister has replied that the people have favored the monarchy but that its establishment will be delayed until a suitable time.

JAPANESE GIVE FLOWERS TO DECK LIBERTY BELL

(Special Cable to Nippon Jiji)
SAN FRANCISCO, Cal., Nov. 12.—H. Yamawaki, Japanese exposition commissioner, gave a beautiful bouquet to the Liberty Bell officials before the Liberty Bell was started back to Philadelphia.

Arrested by Policeman John Woo in a house on River street, three Chinese charged with smoking opium were before Judge Monsarrat this morning. Ah Fat paid \$10 and costs, and in lieu of payment of a like amount, Young Tuck and Ah Chew have gone to jail for 12 days.

PRESIDENT'S COOPERATION IS ASKED; GREECE WANTS TROOPS BEFORE JOINING THE ALLIES

KING CONSTANTINE'S STAND RESULTS IN DISSOLUTION
OF CHAMBER OF DEPUTIES—FRENCH MAY CAPTURE
VELES, FORMERLY TAKEN BY BULGARIA—NEW PHASE
IN ALLEGED PLOTS TO FOMENT STRIKES IN U. S.

[Associated Press Service by Federal Wireless]

WASHINGTON, D. C., Nov. 12.—David Starr Jordan, president emeritus of Stanford University and noted apostle of peace, has broached to President Wilson the proposition of an international peace move of imposing proportions.

As head of the International Peace Congress, he has told Mr. Wilson that quasi-official meetings of representatives of the neutral nations are planned to be held in The Hague, Netherlands; Berne, Switzerland, and Constantinople before Christmas.

He has asked that the president cooperate in making the meetings possible and in giving his most support to the peace movement as thus outlined.

Dr. Jordan informs the president that Holland, Sweden, Switzerland, Denmark and Spain are ready to participate in the movement. He said also that he believes the belligerents will not oppose a peace move if it is made by the neutrals, though they would be unwilling to begin negotiations themselves.

Greek King Won't Yield To Sentiment; Chamber Dissolved

[Associated Press Service by Federal Wireless]

LONDON, England, Nov. 12.—The Greek chamber of deputies has been dissolved because of its insistent favoring of the Allies in conflict with King Constantine, who maintains that Greece must remain neutral.

With the dissolution of the chamber, the Skoufodis cabinet is given freedom of action, until at least the next election should further show the people on the side of war.

Greek officials in London say that Greece will be ready to join the Allies when the government is assured that the Allies can send enough troops to guarantee a successful offensive against Bulgaria.

Charges Connect Strike Plot In U. S. With Teuton Officialdom

[Associated Press Service by Federal Wireless]

WASHINGTON, D. C., Nov. 12.—A new phase was put on the alleged plots of Teutons and Teuton sympathizers to foment industrial troubles in the United States, as a means to stopping the shipment of war supplies to the Allies, when charges were published today declaring that high Teuton officials in the United States directed the activities of the agitators. The published charges are attributed to Dr. Joseph Gorickar, former Austro-Hungarian consul at San Francisco. The statement attributed to him charge that Austrian consuls in the United States were working under the instructions of Alexander Nuber von Pereked, consul-general for Austria and stationed at New York, and also under the instructions of Count von Bernstorff, the German ambassador. They are said to have been active in directing the destruction of munitions factories and in fomenting strikes. An investigation will be made.

The Austrian embassy denounces the story as a collection of lies.

French Winning From Bulgarians

LONDON, England, Nov. 12.—The French are driving the Bulgarians before them in Southern Serbia and around Stranitz. It is now believed that the Allies and Serbians here may secure a portion of the Nish railroad and thus raise a new barrier to Teuton access to Turkey.

The French troops further north are said to be on the point of capturing Veles, which was taken by Bulgaria a few days ago.

Tells of Belgians' Execution

AMSTERDAM, Netherlands, Nov. 12.—The Echo Belge has announced that three Belgians have been executed for communicating with the German government. A fourth was sentenced to twelve years' imprisonment.

Another British Steamer Sunk

LONDON, England, Nov. 12.—The British steamer Rhyndland has been sunk. One survivor was picked up and landed safely.
